

SUB 88 A

2 x 8" active Subwoofer

Item No.: LDSUB88A

Series: SAT G2

Versions: 2 x 8", Active

The Ld Systems SUB88A is an active 2 x 8" bandpass subwoofer with a power output of 150 W RMS.

The SUB88A features a 150 Watt (RMS) Mono-amplification unit offering great sound and dynamic characteristics. It is a perfect partner for the SAT62A active speaker or for the passive models SAT42/242/62 in combination with an external amplification unit such as the DJ200.

It can naturally be used with any other high/medium speaker if you wish to complete your sound with a deep and powerful bass fundament.

Specifications

General

Product type	PA subwoofer
Type	Powered
