BEYE-1940

The BEYE-1940 is an advanced upgrade of the XWASH-1940 19x40W Wash Zoom, retaining all the core features of the original model while enhancing overall performance. It features 19 high-power 40W RGBW (4-in-1) LEDs, a motorized zoom range from 3.5° to 50°, and full individual pixel control—enabling a striking kaleidoscope effect.

Designed for versatility, the BEYE-1940 delivers both narrow beam and wide wash visual effects, supported by a range of built-in macro functions. It is equipped with both 3-pin and 5-pin DMX input/output connectors to suit a variety of professional lighting setups.

Ideal for concerts, theatrical productions, and event stages, the BEYE-1940 combines powerful output, creative flexibility, and professional-grade connectivity in one compact fixture.
